

Vignette 8.  
*Country Swing*

A vignette showing a swing hung from a tree in the countryside. We cut from wide to close-up, showing our protagonist flying through space.

Vignette 9.  
*Let's go Fly a Kite*

Our talent flies a kite along the ocean's edge. The wind carries it high above the waves, soaring with ease. Footsteps trace the shoreline, blending movement with the rhythm of the sea. A moment of freedom, lightness, and connection to nature.
